

BiomedicalBenchmark™

THE TECHNOLOGY SUPPORT SYSTEM

► **BiomedicalBenchmark includes more than 80 maintenance procedures.**

Ambulatory Infusion Pumps
Anesthesia Units
Anesthesia Vaporizers
Apnea Monitors
Argon-Enhanced Coagulation Units
Argon Surgical Lasers
Autotransfusion Units
Blood and Solution Warmers
Breast Pumps
Capnometers and Multiple Medical Gas Monitors
Carbon Dioxide Surgical Lasers
Centrifuges
Circulating Fluid Pumps
Circumcision Clamps, Bell-Type
Circumcision Clamps, Scissors-Type
Continuous and Bi-level Positive Airway Pressure Units
Cryosurgical Units
Defibrillators and Noninvasive Pacemakers
Electric Beds
Electrical Receptacles
Electrocardiographs
Electrosurgical Units
Fetal Monitors
Frequency-Doubled Nd: YAG Surgical Lasers
General Devices, IEC Version
General Devices, U.S. Version
General-Purpose Infusion Pumps
Heart-Lung Bypass Units
Heated Humidifiers
Hemodialysis Units
Ho: YAG Surgical Lasers
Infant Incubators
Infrared Thermometers
Intensive Care Ventilators
Intermittent Compression Units
Intra-Aortic Balloon Pumps
Isolated Power Systems
Laparoscopic Insufflators
Liposuction Aspirators
Low Volume Aspirators
Mammography Units
Medical Gas and Vacuum Systems

Mini C-arms
Mobile C-arms
Mobile High-Efficiency-Filter Air Cleaners
Mobile X-Ray Units
Multiparameter Physiologic Monitors
Nd: YAG Surgical Lasers
Noninvasive Blood Pressure Monitors
Operating, Exam and Treatment Tables
Oxygen-Air Proportioners
Oxygen Analyzers and Monitors
Oxygen Concentrators
Patient-Controlled Analgesic Pumps
Patient Lifts
Patient Scales
Patient Warming Units, Air
Patient Warming and Cooling Units, Circulating Fluid
Peritoneal Dialysis Units
Phototherapy Units
Physical Therapy Ultrasound Units
Pneumatic Tourniquets
Portable Ventilators
Pulmonary Resuscitators
Pulse Oximeters
Radiant Warmers
Radiographic Units, General-Purpose
Radiographic and Fluoroscopic Units
Smoke Evacuators
Sphygmomanometers
Suction Regulators
Syringe Infusion Pumps
Temperature Monitors and Thermometers
Thoracic Aspirators
Tracheal and Surgical Aspirators
Traction Units
Transcutaneous O₂ and CO₂ Monitors
Transvenous Pacemakers
Treadmills
Ultrasound Scanners
Uterine Aspirators
Warming Cabinets
